

State Institute of Health and Family Welfare

Introduction .

1. General Information:

State Institute of Health and Family Welfare is apex training institute of Department of Health & Family Welfare, Gujarat state. It is a collaborating training institute recognized by NIHFWD, Delhi.

Situated on fast developing Sarkhej – Gandhinagar highway, near Sola General Hospital and Opposite R. C. Technical Institute at Ahmedabad, the Institute has a main building with training and administration wings. The lush green garden surrounds the main building and a hostel for 50 persons. The campus also has staff quarters.

2. Developmental Background:

The Institute started as Regional Family Planning Center in 1958 and was upgraded as a Health & Family Welfare Center in 1975. In 1991, it has taken a current status of SIHFWD under IPP VII project.

Main functions .

- To provide trainers' training to the trainers of all the training centers.
- To Develop teaching – learning materials
- To Review & Revise the training curricula
- To Act as in service training institute for medical & para medical personnel
- To Run basic courses for various health workers and supervisors.
